Greetings Raider Band Family!

Thank you so much for enrolling your student in band! Jennifer and I have 9th grade boys in The Highlander Band and 7th grade girls in the Raider Band so it is obviously an important activity for our families! We are so excited to welcome Loren to the Highland Park band community. She has so much energy and will be a great asset for the band!

For many of you this is your first experience with a booster club. Our role is to provide support to the band and the directors. The Raider Band Booster Club (RBBC) plans all social activities while also coordinating volunteers.

RBBC also supports the school events on campus like the Veterans' Day Concert and Winter Concert for 6th graders as well as off campus events like the All-Region competition in the fall and UIL and 6th grade competitions in the spring. We also help fundraise for the band thru Amazon Smile, Restaurant Nights and Practice-A-Thon.

Although this year will look and be different, we did not decrease registration fees because we anticipate spending money on more masterclasses, online instruction, PPE equipment for each instrument and the need to replace it. Also, the bulk of our expensive events occur in the spring and we hope they will still go on as planned. Lastly, we do want to emphasize that we never want a student to not participate in band due to financial constraints, so please reach out to our treasurer Michele Vicente for information regarding financial assistance at rbbc@att.net.

Please feel free to contact us with any questions!
